# Executive Summary

The TUPE Report Archive is a web-based system that allows users to search and download Tobacco Use Prevention Education (TUPE) competitive grant annual reports in a PDF format.

The system has two components:

## 1. Public Search & Results Form

The search form presents brief contextual information and a series of form fields that allow users to search for TUPE grant reports based on criteria such as County, Cohort, and Fiscal Year.

## 2. Private Administration Form

The private administration form allows Duerr Evaluation Resources staff to upload new TUPE grant reports into the system every year as they become available, and enter the metadata that needs to be associated with each report.

## Key Technical Features

- Hosted at <X>
- Linux / Apache / MySQL / Django
- Public pages Section 508 Compliant

## Tobacco-Use Prevention Education (T.U.P.E.) Competitive Grant Annual Reports

The purpose of the TUPE program is to reduce youth tobacco use by helping young people make healthful tobacco-related decisions. Students receive research-validated tobacco use prevention instruction and activities that build knowledge as well as social skills. Students take part in youth development strategies that involve youth in advocating for a tobacco-free California and becoming tobacco prevention leaders. Collaboration with community-based tobacco control programs is an integral part of program planning. The school, parents, and the larger community must be involved in the program so that students will be aware of a cohesive effort and concern for their health and, consequently, their ability to succeed in school.

### Instructions:

Search for TUPE competitive grant reports by using the fields below. Search grants by county, cohort, LEA, grant number, fiscal year or any combination.
